

Reflection Beads™

What's
Your
Story?™

How to express yourself with Reflection Beads™

1. Choose your bracelet or necklace.

*For correct bracelet length, measure your wrist and add an extra 1 to 1 1/2 inches to allow for width of beads.

2. Slide your choice of beautiful beads and spacers on the chain.

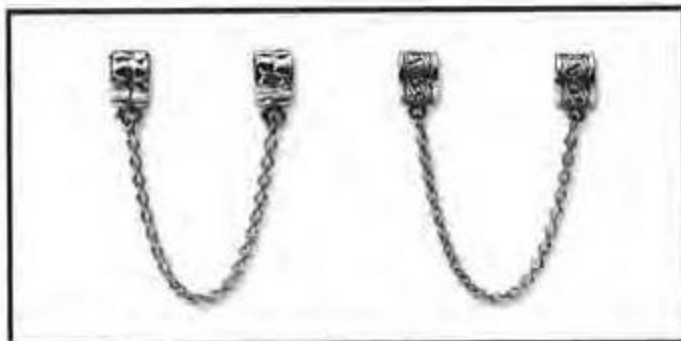

3. If desired, fit a clip anywhere on the chain to stop your beads from sliding.

These clips can only fit on chain/cord, clips do not fit over or on the end cap.

4. A gripper bead can also be used to keep beads from sliding.
These beads have a rubber gasket that fits snugly to the bracelet and can easily be moved where desired.

5. A stylish safety chain can be fitted for added security, using a clip or gripper bead to hold at the end of the chain.

6. Re-arrange your beads to suit your mood. The variations are endless!

Fantastic Variety!
