Energy Balancer contraindications

Pacemaker  
Organ Transplants  
Arrhythmias  
Heart regulating Medications  
Pregnancy or lactation

Diabetics, eat a meal first

All should drink lots of water and replenish trace minerals (happy body = well mineralized)

Erchonia, the manufacturer of the Energy Balance foot bath, recommends those people with the above health conditions don't use the E.B. foot bath. The E.B. foot bath puts a small electrical charge into the body which may have a negative health effect for those with the above criteria.

Please sign below indicating that you understand the contraindications above.
