

Advanced Chiropractic & Sports Therapy

Missed Appointment Policy

We want to thank you for choosing us as your chiropractic health provider. In order to provide you and our other patients with the best optimal spinal care, we request that you follow our guidelines regarding broken and/or cancelled appointments. Please remember that we have reserved appointment times especially for you. Therefore, we request at least 24 hours notice in order to reschedule your appointment. This will enable us to offer your cancelled time to other patients that desire to get their treatment completed. When you cancel your appointment at the last minute, everyone loses – you, the doctor and other patients that would like to have utilized your appointment time.

Our office will bill for missed/cancelled appointment without 24 hours notice. A charge of \$25.00 will be applied to your account. Please realize how important it is to keep your reserved time. Thank you for your consideration of our policies and for the opportunity to be your chiropractic office of choice.
