AllPRO Home Health among 'HomeCare Elite'

Port Charlotte, Fla., Jan. 15, 2009 — AllPRO Home Health LLC ranks among the most successful Medicare-certified home health care providers in the United States, according to leading national healthcare information providers OCS and DecisionHealth. The two firms included AllPRO among the 2008 HomeCare Elite, an annual review identifying the top 25 percent of Medicare-certified agencies in the country.

"The HomeCare Elite has become the industry standard for identifying agencies that perform at the highest level," said Nancy Buller, Senior Director of Marketing Communications at OCS. "We congratulate the 2008 HomeCare Elite for their continued success and commitment to both high quality and strong financial performance."

"We are thrilled to be included among the HomeCare Elite," said AllPRO Administrator Adam Pacyga. "This honor is a reflection of our dedication to our community and of the care and commitment demonstrated daily by our staff of caring professionals. Being privately owned and community based, we're not a big corporation. Our patients and clients aren't just numbers to us, and that's the major thing that sets us apart."

In rating firms for the HomeCare Elite, OCS and DecisionHealth analyze performance measures in quality outcomes, quality improvement and financial performance. Only the highest-ranking firms make the annual list.

AllPRO Home Health, which serves Charlotte and Sarasota counties, specializes in skilled nursing; physical, occupational and speech therapies; and medical social work. AllPRO will host the first annual free Senior-Palooza and Health Fair from 10 a.m. to 2 p.m. on Wednesday, Jan. 21, 2009, at the Cultural Center of Charlotte County in Port Charlotte.

The event will feature health information and services, health screenings and information in a variety of non-medical areas, including banking, insurance, senior housing and companion services. There will be prizes, presentations, an exercise demonstration and a senior fashion show.
