## AllPro Home Health expands services to Fort Myers

FORT MYERS, Fla., Aug. 9, 2010 — AllPro Home Health, a Medicare-certified home health agency serving Charlotte and Sarasota counties, has expanded its services to Fort Myers in Lee County, effective Aug. 1.

“We are excited about the opportunity to offer our award-winning service to the Fort Myers community,” said Adam Pacyga, administrator of AllPro Home Health. “Patients and physicians in Charlotte and Sarasota counties have come to rely on our team of dedicated professionals to continually provide tireless, compassionate care, and we are bringing that same commitment to Fort Myers.”

AllPro ranks among the top 100 healthcare agencies in the United States. National healthcare information providers OCS HomeCare and DecisionHealth selected AllPro as a “Top 100 Agency” on its HomeCare Elite 2009 listing of top tier home health care agencies in the country.

AllPro specializes in skilled nursing; physical, occupational, and speech therapies; certified nursing assistants; and medical social work. Privately owned and community based, AllPro helps patients maintain independent lifestyles.

The staff at AllPro is involved in a variety of community service projects, including performing free blood pressure checks at numerous community centers and health care events, and offering educational presentations about healthy lifestyle choices. AllPro also hosts a number of lectures by physicians and other healthcare professionals, as well as “lunch and learn” opportunities, all free to the public.

Referrals are made to AllPro by physicians, hospitals, family members, friends, rehabilitation facilities, or assisted living facilities. Patients are accepted for home care services based on their medical needs and their physician’s orders. Home care is started within 24 hours after the agency receives an order from a physician or case manager. In most cases, this care is covered entirely by Medicare.

For more information, contact Larry Beuer, marketing liaison, at (239) 233-3087 or (877) 474-0012, or visit [www.allprohomehealth.net](http://www.allprohomehealth.net).
